Re: 2008 WL 281280, Connolly v. County of Suffolk
(D. Mass. 2008).

Dear Judge Richard G. Stearns,

This above case is A case you ruled on. I would like you to know my deposition testimony is contradictory of the points you mention in your ruling in above case on page 3 in "Back Ground": #1 I was in prisons before like Plymouth P.C.C.F which equip bunk beds with ladders (in my deposition).

#2 I did previous complain and was previously injured from a top bunk accident (medically documented at St. Mary's, with a bottom bunk medical class. ~~at the time of previous accident and injury.~~ In my deposition).

#3 You quote 2002 as the year of my fall with statistics from 2002. The year of my fall was 2003 (in my deposition).

In your discussion you mention "based upon-

→ the pleadings, affidavits, and depositions; "there is no genuine issue as to any material fact and that the moving party is entitled to a judgment as a matter of law."

This in my opinion is not fair, to dismiss my case on false / untrue information.

Signed under the penalty of perjury on Monday, July 21, in the year 2008.

Respectfully Submitted:
